"Eliminating Aggravation Was Half The Battle."
BY DROMOS IN USER STORIES
How the Dromos PTM team simplified the prior authorization and billing process. In 2011, when Pharmacy Advantage offered Brad Hall the opportunity to co-develop a software system for streamlining its operation at every level, he had only a basic knowledge of the work specialty pharmacies do every day — and virtually no experience in dealing

Industry Trends Create Favorable Climate For Specialty Pharmacies
BY DROMOS IN USER STORIES
The specialty medication patient population is growing. Fast. At the most fundamental level, an aging Boomer Generation is driving increased demand for treatments that address a wide array of specific and rare disease states. With that growing demand has come a significant rise in spending on specialty medications. While they make up only a fraction

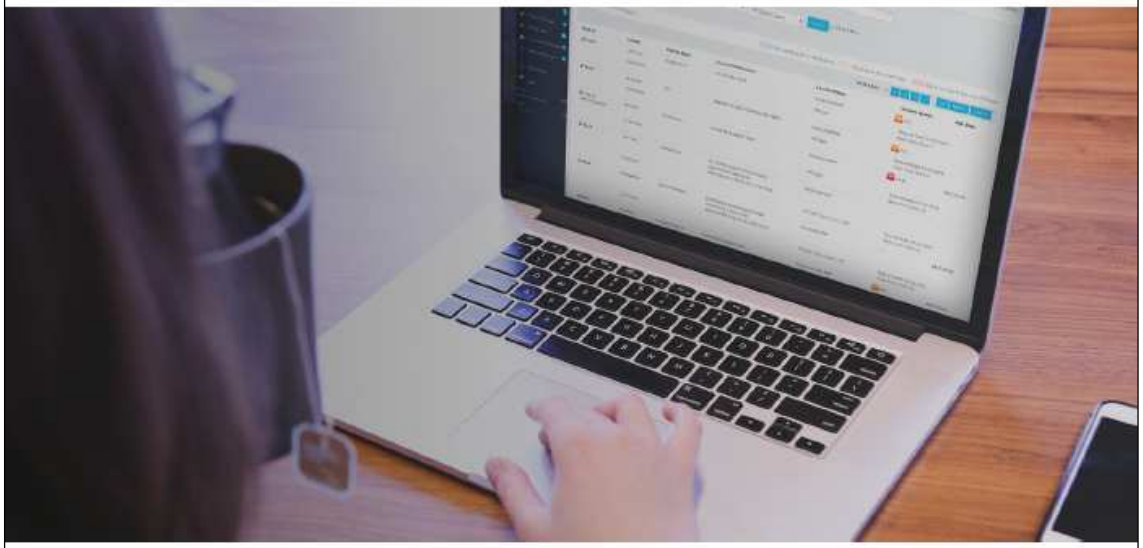
PATIENT THERAPY MANAGEMENT

For Better Outcomes. And Better Incomes.



Developed by clinical pharmacists at Pharmacy Advantage, DromosPTM addresses the full spectrum of challenges specialty pharmacies face every day. It's an easily-configurable solution for streamlining all your clinical activities.

Unsurpassed Patient & Drug Data
DromosPTM enables your pharmacists to build a warehouse of proprietary patient outcome data, while its drug reference database links directly to drug manufacturer information — from potential allergies & interactions to medication management and care insights.

A Powerful Business Tool
DromosPTM guides pharmacy operators toward best practices — eliminating duplicative tasks, while generating invaluable operational metrics.

Impact Staff Productivity. And Morale.
DromosPTM gives everyone time to do the job they trained for. Better. Faster. With less stress, and more job satisfaction.
