FIELD TRIPS & TOURS

Welcome to the Southern Museum of Flight

Welcome to the Southern Museum of Flight! Here, you will experience the rich and exciting history of aviation and aircraft. Our museum is one of the largest flight museums in the south and features over 75,000 square feet of learning possibilities, over 100 historic aircraft, including Korean War Jets, hands-on exhibits, flight simulators, and more! The museum is open weekly, Tuesday - Saturday, 9:00 am - 4:00 pm.

IF YOU'VE LANDED HERE,

We hope you'll bring your group to the Southern Museum of Flight for a guided tour and more. Teachers, Scout Leaders and Group Leaders read on and plan your visit:

RATES OF GROUPS OF 10 OR MORE

Guided Group Tour \$12 per person
Guided Group Tour with Hands-on Activity \$15 per person

We hope the information that follows will help you to choose us as a destination for your group. We want to help your group truly enjoy everything we have to offer. Get "the inside story" on our many exhibits with a Guided Tour from our tour guides and historians. Enhance your visit with a Hands-on Activity or a short course in our Flight Simulator Lab.

TOUR FORM

Our Guided Tours are for all ages from pre-K to Senior Citizens. Hands-on Activities are primarily designed for our student groups to enrich their learning experience. The Flight Simulator Lab in our Soar High Center is a great opportunity for School and Scout groups (2nd grade and above) to get a taste of what it takes to fly a virtual aircraft. Adult groups are always welcome to try out their flying skills on our Flight Sims. Is your group up for the challenge?

Other groups are always welcome to take a Guided Tour, add a Hands-on Activity or a Flight Simulator Lab. We can tailor a tour to your specific interests from Black History to Carrier Aviation, World War I to the Cold War. Call us and we can discuss your ideas to maximize the fun and interaction of your visit. .

SCHOOL TOUR PROGRAM

We offer Pre-K through 12th Grade Guided Tours, Hands On Activities and a Flight Simulation Lab to bring Aviation "up close and personal" to your students. Look through the information below, find your subject or related area of study and choose your tour. All tours are based on ACOS Correlated Standards.

GUIDED TOURS

Our K-12th grade guided tours start with a "Preflight Briefing" on the rules and regs. and route of the "flight". Then "Takeoff" starts in our Early Aviation Hanger, with "En-route Navigation" through early aviation aircraft, experimental and homebuilt aircraft, and "lands" with today's current aviation technologies in our South Hangar with World War II, Korean War and Vietnam era aviation dioramas and Tuskegee Airmen aircraft. "Debriefing" closes the tour and engages your students, encourages participation and informs them of the many ties to aviation that exist right here in Alabama and the South! Chose from one of the following tours:

1	Just Plane History (Grades K-12th, SOCIAL STUDIES)	+
2	Just Plane Alabama (Grades 2nd - 8th, SOCIAL STUDIES)	+
3	Just Plane Science (Grades 2nd -12th, SCIENCE)	+
4	Just Plane Weather (Grades K-12th, SCIENCE)	+
5	Just Plane Math (Grades K-8th, MATH)	+
6	Just Plane Arts (Grades 2nd -9th, LANUAGE AND VISUAL ARTS)	+
7	Self Guided Tour	+

1	Build a Glider or Paper Airplane	+
2	Build a Weather Instrument	+

HANDS-ON ACTIVITIES

Students will learn aerodynamics, weather principles, 3-D design concepts, and aviation history through these activities. Choose from the following activities:
